

TEXAS SOLONS OPEN SESSION LEGISLATURE

CALLED ON PINK BOLL MENACE, SCHOOLS AND GENERAL DEFICIENCY NEEDS.

Governor Will Be Urged To Submit Other Measures Which He Is Told are Necessary.

By The Associated Press

Austin, May 20.—The Texas legislature convened today in special session to consider recommendations made by Governor W. P. Hobby for the enactment of legislation looking to the creation of non-cotton zones in territory infested with pink boll worms; also the enactment of emergency school legislation carrying a total appropriation of \$6,500,000.

The length of the present session will be determined, to a large extent, by the will of the Governor, as only those subjects submitted by him can be considered. While legislation to keep the assembly busy for months has been proposed from various interests, the only thing the governor has had to say concerning the submission of subjects in addition to those contained in his proclamation calling the special session was an intimation that he will insist that these three subjects—pink boll worm regulation, emergency school legislation and the general deficiency appropriation—be disposed of before others are considered.

Opposition to the plan of establishing non-cotton zones to combat the pink boll worm has been voiced, but there are now no indications as to the strength of this opposition will have in the legislature.

Indications are that the consideration of \$6,500,000 appropriation to meet emergency needs of the public schools, as proposed by the legislative committee of the general educational committee appointed by the Governor will consume considerable time. The chairman of the board of control has stated that the board will draft the proposed bill but will not recommend it to the governor. The question of raising finances to meet this appropriation, if it should be made, will necessarily receive considerable attention.

May Submit Others.

It has developed that the governor will be requested to submit a number of additional subjects at this session, and in his proclamation he reserved the right to do so.

Representatives of the Texas League of Municipalities have intimated that they will request the submission of a bill to create a public utilities commission to have supervision of all public utilities of the state. A similar bill was introduced during the regular session, but the house and senate failed to agree upon it.

The Industrial Welfare Commission recently postponed the fixing of a minimum wage for women and children in Texas because the present law provides that this wage shall be state-wide, and numerous employers urged that they should defer action until the law could be amended so as to provide for the establishment of these minimums by zones. Labor Commissioner Jennings has said that he will attempt to get the matter adjusted as soon as possible.

Tax Measures Needed.

James A. King, state tax commissioner, said that he will make an effort to induce the governor to submit a bill proposing enlargement of the scope of the intangible assets tax law. At present only intangible tax assets of railroads and ferry companies are taxed, and Mr. King proposed that packing houses, telegraph and telephone companies, lumber companies, oil companies and several other industries which he stated are not now "contributing one cent on their intangible assets" be included in this tax. It is possible that this tax measure may be considered as a means of raising funds to meet the needs of the schools.

Mr. King said that he will also make an effort to secure the submission of a bill proposing a State Board of Equalization to equalize tax values among the different counties of the state. "We have 253 counties and that many different methods of rendering and assessing property," said Mr. King in discussing his proposed bill.

Gas and Oil Needs.

The railroad commission is preparing proposed amendments to the oil and gas conservation act, and George C. Butte, head of the oil and gas division, said that the governor will be urged to submit this act for amendment. He added that this act, which has been in effect for only a short time, has demonstrated several weaknesses, and intimated that the proposed amendment would deal largely with new regulations for the development and handling of natural gas.

News laws are incubating in the brain of practically every member of the legislature, and a number of them are nursing their pet measures, which for various reasons, have failed to pass during previous sessions when they were introduced. Indications point strongly that the present session will extend the full thirty days for which an extraordinary session of the legislature can run before it is automatically adjourned. And, judging from practically all the past sessions, there will be considerable material left for the regular session of the 37th legislature, after this special session of the 36th legislature adjourns.

HUSBAND SEES THROUGH HER EYES

Mrs. Thomas P. Gore, the wife of the blind senator from Oklahoma, has been invaluable to him in aiding him to perform his duties.

NO REPUBLICAN HOLDS NEARLY ENOUGH VOTES FOR THE NOMINATION

By The Associated Press

Chicago, May 20.—Uninstructed delegations and the delegates who will cast their first ballot for "favorite sons" will be in the majority at the republican national convention, opening here June 3.

The primary system, although in effect in many states, has failed to develop any outstanding candidate for the party's presidential nomination, for of 913 delegates already chosen less than 400 have been instructed and their vote is divided among several candidates.

Under the republican convention rules, which require a majority to nominate, the successful candidate must obtain at least 493 votes.

Forty-four states and five districts and territories have elected the 927 delegates already chosen. The remaining 57 of the 984 who will sit in the convention are to be chosen by Oregon, Texas, Vermont and W. Virginia.

Major General Leonard Wood is leading the field with 145 delegates instructed for him. The credentials committee, which meets here May 31, to decide contests and prepare temporary roll of the convention, may make some changes in the list of instructed delegates however, as there are 104 contests pending. Thirty-five contests involve Wood delegates. Senator Hiram W. Johnson of California has an even 100 instructed delegates and Governor Frank O. Lowden of Illinois, 74. Senator Warren G. Harding of Ohio has 39 votes and Judge Fritchard of North Carolina, 17. Senator Miles Poindexter is expected to get the 14 votes cast by Washington.

Bunch of Cattle Missing.

Frank Chapman, a Delta county stockman and farmer, is said to have suffered considerable loss on account of the overflow in Sulphur bottom last week.

He had about three hundred head of cattle in the forks of Sulphur, and after the flood subsided and he and his men rounded them up in the foothills they succeeded in finding and driving to high ground about 125 head. Nothing has been heard from the rest of them.

No doubt many of them swam out and became scattered, but it is believed several head were drowned.

GOMPERS PROTESTS TO ARMY BILL PROVISION

By The Associated Press

Washington, May 20.—Efforts to work out an agreement on the army reorganization bill, which the house has refused to accept because of its national guard provisions, will be resumed tomorrow by house and senate conferees.

Prospect of an agreement, however, were further complicated by a protest by President Gompers of Labor to Chairman Wadsworth to provisions which would bring about the conscription of laborers in case of any "national emergency." The term "national emergency," he said, might be construed as covering an industrial disturbance.

BREAD MUST BE TEN CENTS WOMEN DECLARE

By The Associated Press

Norfolk, Va., May 20.—Retail grocers of Norfolk and Portsmouth entered into an agreement tonight not to handle bread costing more than 8 cents a loaf, wholesale, and to retail at 10 cents. Representatives of the housewives' leagues of the two cities announced members of the organization had pledged themselves to take their own bread rather than pay more than 10 cents a loaf.

Presented Play.

The Burnett school of near Biardstown will close this week. Last night the school presented the play "Deacon Dubbs".

BUSINESS MEN ASKED FOR OLD CATALOGUES TRADE MAGAZINES, ETC

If you have old catalogues, trade magazines, or the like, don't throw them away or sell them; the Civic League is now loading a car with this quality paper, and every pound counts. The funds from the sale will be turned toward civic improvement, and every citizen, business man as well as housewife, owes something toward the cleaning up and beautification of the city.

The newspapers count in the campaign, too, but they are disposed of locally, and must be tied up in separate parcels from the magazines. If possible the ladies ask that those who have available means of transportation, bring the catalogues and magazines to the Paris and Mt. Pleasant, where the car already partially filled is on the track. All speed possible is being used to get ready for shipment, and a committee is on hand at all hours to receive the bundles.

For disposition of newspapers, phone Mrs. J. N. House (982), and for information about the magazines, if transportation is not available, call Mrs. W. E. Connor (1255) or Mrs. S. B. M. Long (1440).

To Remodel Store.

J. T. Finn of Paris has been awarded a contract for remodeling the front of the Stevens-Lambeth company's store at Hugo at a cost of several thousand dollars.

Returned Home.

Thos. DeBerry of Bogata, who has been a patient at the Sanitarium for several weeks in a fruitless effort to have his sight restored, was taken back home yesterday afternoon by his brother. His sight was put out in a dynamite accident last November, and very little hope was held out that it could be restored. He submitted to a number of operations.

The Track Repaired.

It was stated yesterday by a Texas Midland official that if no more bad weather set in to cause trouble the company hoped to be able to have the washout at Trinity river repaired and through trains running by Sunday. The main track two miles south of Paris, where two wrecks occurred has been repaired and trains are now running over it. The engine and wrecked coal car were picked up yesterday.

SOLDIER RELIEF BILL DRAWN BY REPUBLICANS

By The Associated Press

Washington, May 20.—The soldier relief bill was reported out today by the house ways and means committee after it had voted to include a 10 per cent stock dividend tax, retroactive to March 15, as a part of the plan for financing the legislation. Republican leaders plan to bring the bill before the house Saturday.

As the measure will come before the house it will provide five new tax levies, amounting to more than \$500,000,000 a year for the next three years. Besides the stock tax the levies include increased taxes on tobacco and incomes, real estate sales, and stock and grain exchange transactions in futures. Revenue thus produced would be used for paying a cash bonus to former service men or, at their option, in aiding them to obtain homes, farms, vocational training, or paid-up insurance.

Her Mother Died.

A message addressed to Miss Jane Sheenake of Bennington, Okla., who is attending the Paris Commercial College and is boarding with the family of Joe W. Hill, was received early Wednesday night containing the announcement that her mother had died suddenly. She was not made acquainted with the full purport of the telegram and when she left for home on the Frisco train a little before midnight she didn't know that her mother was dead.

WHAT IS IT FOR ME, VILLA TACTICALLY ASKS

BANDIT LEADER WAITING CALL FROM CALLES BEFORE HE DECIDES COURSE.

Supreme Commander Shows No Intention of Giving Notorious Outlaw Any Place.

By The Associated Press

in Camp With General Villa, Boquilla, Chihuahua, Mex., May 19.—(Cio El Paso), May 20.—Peace and a return of normal conditions in northern Mexico depend upon what guarantees leaders of the latest Mexican revolution give General Francisco Villa.

General Villa, at his camp here, told the Associated Press, in an exclusive interview, his plans for the future. Villa is resting with his personal band of 50 men, awaiting a conference with General Elias Calles, minister of war of the revolutionists.

The conference, Villa said, will determine whether the revolutionary leader and bandit leader will return to private life or once more take the field in bushwhacking campaigns which have made him notorious.

Calles is enroute here from Juarez on his trip to Mexico City. He must come to Villa, for Villa will not go to Calles, Villa said.

Villa trusts Calles more than any other man in the revolutionary movement, he said, but his real attitude can be seen from the fact that horses of the band are kept constantly saddled at night under the watchful eyes of sentries and that all approaches to the camp are guarded by Villa's scouts. At a moment's notice the band is ready to mount and flee or to fight.

G.N. CALLES EXPECTS NO AGREEMENT WITH VILLA

By The Associated Press

in Camp With General Villa, Boquilla, Chihuahua, Mex., May 19.—Because of Francisco Villa's pretensions to remaining a political and military factor in Chihuahua, there is little likelihood that an agreement will be reached between Villa and the revolution against Carranza. It became known here today, following a conference between General P. Elias Calles, supreme field commander of revolutionary forces, and Alfonso Gomez, Villa's personal envoy.

I have received a letter from Villa which leads me to believe there is little likelihood of an agreement," said General Calles. "I will answer him saying we shall give him protection as to his life, as well as all necessary guarantees, but that as far as we can go."

For the time being, at least, General Calles indicated, no military preparations are to be made against Villa.

NEW GOVERNMENT TRIES TO ENFORCE TAX COLLECTIONS

By The Associated Press

Washington, May 20.—An implied threat by the defunct government of Mexico to force oil producers to make prompt payment of export taxes was revealed today in a belated message from the American embassy at Mexico City to the state department.

The department of finance was quoted as ruling that the taxes for March and April must be paid within five days after May 14, and that no extension would be granted. The department added, however, that the companies would not be expected to comply with a recent decree of the Carranza government almost doubling the amount, but might pay the March-April assessment in accordance with the tariff for January and February.

The largest oil companies have not paid the taxes but neither the representatives nor the state department received notification of any punitive action taken by the Mexican authorities. The companies explained that they hesitated in making payment only because of their inability to determine to whom the money should be paid. The state department has ruled that any company may regard its conduct correct if taxes are paid to those actually in authority.

Since the United States has not recognized the new government it is obviously impossible, it was explained, for the state department to go further in the definition of the existing regime in Mexico.

There have been increasing indications that those in control along the oil coast are in accord with the Mexico City authorities and the opinion was expressed here that a disagreement between the oil producers and the revolutionary forces would be obviated.

Press reports today indicated Carranza had reached Zacatlan, in the mountains of Puebla near Tuxpam. Governor Cabrera, a brother of Luis Calera, chief of Carranza's cabinet, has established the state government at Zacatlan and indications were that Carranza might make the little mountain state his headquarters until driven out.

Cancels Tax On Beer.

By The Associated Press

Laredo, Tex., May 20.—The Proven-Monterey newspaper, publishes a decree signed by General Porfirio Gonzalez, provisional governor of the state of Nuevo Leon, setting aside the recently enacted state and municipal tax laws and restoring the old tax laws. The newspaper says that the new laws, put into effect a short while before Carranza authorities relinquished military control of Monterey, worked a hardship on all classes of industry and even the laborers

BIDS ARE OPENED FOR DOING LAMAR COUNTY ROAD CONSTRUCTION

The Permanent Roads Board met at the court house yesterday morning and opened bids for the construction of between fifty and sixty miles of road through the county on highways 5 and 19.

There were seven bidders in all. For the construction of steel bridges only there were two bidders, the Midland Bridge company of Kansas City and Austin Bros. Bridge company of Dallas. The latter was the lowest bid, but it has not been accurately figured out yet.

For the construction of all of the other work except bridges the bidders were LaRoe and Burgess of Dallas, Smith Bros. and Healy Construction company of Dallas and Crockett, Wamack, McElwirth and Rodgers of Sherman and Corsicana. The last named was the only firm that bid on furnishing gravel for surfacing.

Thomas and Ratliff of Rogers, Tex., bid on the construction of state highway No. 5 only and their bid was the lowest for the construction of that highway. All of the bids were for the two highways separately and all of them bid on both highways except Thomas and Ratliff.

After the bids had been opened the board adjourned until afternoon in order to give the county engineer time to tabulate them. He was assisted in the work by George C. White, a federal engineer, and George A. McClellan, state engineer.

The board reconvened at 4:30 p. m. and received the engineer's report, which recommended that the bids of Womack McElwirth and Rodgers, Thomas and Ratliff's and Austin Bros. be held for further consideration today.

In response to the advertisement for material the bid of Womack, McElwirth and Rodgers was the only one received. Their bid for material was conditional on their getting the contract for all of the work.

At the meeting this morning the main question that will confront the board in the event that the bids are found low enough will be whether to accept the bid of Womack McElwirth with the material of Thomas and Ratliff without the material.

The board appointed Engineer Fosh and Commissioner R. B. Smith to go out and make an inspection of the bridge on the Arthur City road at Pine creek and report as to the best thing to do immediately.

CONCRETE BRIDGE IS UNDERMINED BY FLOOD

The concrete bridge across the slough in Pine creek bottom on the north gravelled road is giving away on account of being undermined by the high water of last week. The bents began to fall in yesterday afternoon.

When it first started to cave in an effort was made to save it by putting in sacks of sand, but the attempt was not successful. Constructed of concrete with steel girders, it cost between \$5,000 and \$6,000.

Commissioner R. B. Smith, who has been looking after the bridges stated yesterday evening that it had been rendered unsafe and that people were notified not to try to cross. A guard will be put on today to warn people against crossing.

Work will be commenced, it was announced this morning on a temporary crossing to be constructed around the bridge for light traffic and for people on horseback. It will be best for loaded vehicles and trucks not to try to cross.

Birth at Caviness.

A son was born to Weaver Buster and wife at Caviness last Monday morning.

OWEN ASKS INFORMATION ON ALL PROFITEERS

By The Associated Press

Washington, May 20.—The department of justice was asked in resolutions introduced by Senator Owen (Dem., Oklahoma), for all facts, figures, data and information relative to profiteering.

The resolution called for a list of all corporations which had made more than 15 per cent on their capital investment in the last year.

AVIATOR TELLS MOVING STORY TO BISBEE FOLKS

By The Associated Press

Bisbee, Ariz., May 20.—Eloping from Mexico in his airplane, to avoid imprisonment by the Carranza government for his refusal to bomb rebel troops, William McKenzie, formerly a captain in the French foreign legion, has arrived at Bisbee.

TO STOP GAMBLING ON BASE BALL GAMES

Chicago, May 20.—Drastic action to stamp out gambling on baseball games of the American and National leagues was decided upon today at a conference of four baseball chieftains. It was decided to employ a large detective agency in the campaign, according to Bar Johnson, president of the American league.

objected to the law. They imposed a tax of 3 per cent on urban property and a tax of 3 cents a bottle on beer which recently caused the brewery at Monterey to suspend operations, it is said.

GARVAN GIVES PUBLIC CREDIT FOR STARTING PRICE LOWERING WAVE

Washington, May 20.—Regardless of the spreading wave of price reductions Assistant Attorney General Garvan announced tonight that the government's efforts at hunting down profiteering merchants through investigation of profits made by industries and stores has been extended to more than a score of cities.

Mr. Garvan declared he would not endorse claims of some merchants that they were actuated by patriotic motives.

"That stuff is the purest buncombe," Mr. Garvan said. "If they are patriotic where were their patriotism a year ago when prices were going up and—incidentally—those fellows were making more and more money."

"There are three things responsible for this clamor of merchants to get on the band wagon of falling prices; the women of the country have stopped buying articles at exorbitant prices, the market has broken; something which could not be avoided, and a lot of people saw indictments for profiteering coming. I say that few, if any, of the merchants were sure the department's agents were not at the moment gathering evidence in their stores. They simply saw the light."

Mr. Garvan said the women and the press of the country had formed a "combination" to break the power of the profiteer, and he believed they had succeeded. While the downward trend may not continue as rapidly as it now appears, Mr. Garvan said he believed the peak had been passed and that "a general recession had set in, which might go a long way toward re-establishing a normal condition."

Mr. Garvan said there was a "very general campaign" on now by several national trade associations which he said, were attempting to nullify efforts to bring down prices. The National Suit, Cloak and Skirt Manufacturers association, Mr. Garvan said, has agreed that "skirts and coats must be longer for fall and winter," and he had telegraphed state chairmen of women's activities in the price reduction campaign, urging them to stand together to defeat such a plan.

Plows Were Running.

Visitors who were in the city yesterday from different directions reported that numerous plows were running.

ORDER MADE CREATING DRAINAGE DISTRICT

At the meeting of the county commissioners court yesterday an order was made in compliance with the petition of interested property owners creating a drainage and levee district to be known as Lamar County Drainage District No. 2.

It is located below Broadway on the north side of Sulphur creek, and extends from the Hembree bridge west to the Hawk Stewart bridge.

The district embraces about 2,500 acres and will be situated entirely in Lamar county.

The district will be surveyed and mapped right away after which a bond election will be ordered. The only persons who will be eligible to vote in the election are those whose land it is proposed to reclaim from overflow.

It is for them to determine whether they are willing to vote a tax on themselves for the expected benefit.

Injured His Eye.

John Henry of Fairbright, who is a county commissioner of Red River county, was in Paris yesterday to have an injured eye treated. While he was sharpening a piece of steel flew off and struck him in the eye.

SENATE NEGLECTS AN OPPORTUNITY TO TALK

Washington, May 20.—The senate today authorized an investigation of pre-convention campaign expenses and pledges of presidential candidates in the republican and democratic parties. Not a word was spoken or a vote cast against this proposal.

Senator Borah, (Rep., Idaho) author of the resolution demanding the inquiry, who reiterated charges of excessive expenditure and pledging of political patronage brought against candidates, was on the alert for debate in calling up the measure, but no senator wanted to talk on it.

LOUISIANA LEGISLATURE DELAYS SUFFRAGE ACTION

Baton Rouge, La., May 20.—With the appointment of committees delayed until next week and both houses of the legislature adjourned until Monday, it developed tonight that action on suffrage was no longer expected by leaders of the opposing factions until early in June.

The River Falling.

A message received from Arthur City at 3 o'clock yesterday afternoon stated that at that hour the river gauge showed a depth of 22 feet. It had fallen more than two feet since Wednesday evening. Three or four men have been kept busy shoveling drift wood around the pier.

PRICE CUTTING WAVE SPREADS OVER COUNTRY

GOVERNMENT MAKERS PLEDGED TO MAKE AND SELL GOODS LOW AS POSSIBLE.

Even Lumber Dealers In Kansas City Get Into Line and Lower The Prices Slightly.

By The Associated Press

Chicago, May 20.—While continued action to aid the price cutting wave was noted in central and far western states today, Chicago bankers expressed satisfaction with the financial situation, one declaring that the liquidation of stocks by merchants would aid greatly in bringing credit back to normal.

The price lowering movement, while not general in Chicago, was aided today by action of stores in Ottumwa, Iowa, and another San Francisco establishment, in announcing cuts from 20 to 50 per cent.

Action to aid the campaign against the cost of living was taken at St. Louis in resolutions adopted by the convention of the International Association of Garment Makers, pledging its members to manufacture and sell garments at the lowest possible price.

George M. Reynolds, Chicago financier, who returned today after a conference of bankers at Washington, declared that the over-extension of credit was not due to speculation about the general condition of affairs, coupled with an unusual business activity. He advised the borrowing public to cooperate with the banks, adding that "if everybody will reduce his loans by six per cent, cut down his surplus stocks by that amount, there will be money enough to move the crops and necessities."

Small But Acceptable.

Kansas City, May 20.—A decrease of 5 per cent in lumber prices here was announced today by lumber dealers. This reduction represented a decrease of approximately \$3 a thousand feet for common lumber and \$5 a thousand for dressed lumber, it was said.

Even Stocks Responded.

New York, May 20.—The bankers' war on high prices, declared at the behest of the federal reserve board today, brought another wave of liquidation in the securities market.

Primarily induced by the country-wide stringent credit conditions this wave caused many stocks and bonds to fall to still lower quotations for the current movement.

Support of a substantial character was forthcoming however, and bargain hunters were active in the more popular issues. As a result prices rallied vigorously before the close, Liberty bonds and Victory notes sharing largely in the recovery.

San Antonio Reduces.

San Antonio, May 20.—All of the larger department stores and many of the men's furnishing establishments here, are advertising sales, cutting their prices from 20 to 33 1-3 per cent. One men's furnishing house today carried large advertisements in newspapers announcing a cut of 25 per cent in the price of straw hats and did a land office business.

Silk Shirts for Less.

Austin, May 20.—Leading Austin department stores are announcing in Friday morning's newspapers, general reductions of from 20 to 25 per cent on all clothing and shoes. Silk shirts and tailored suits have been reduced for several days.

Twenty Off in Temple.

Temple, May 20.—The three leading department stores here are advertising price reductions of 20 per cent. These reductions apply to all lines, including standard brands of shoes.

DANIELS CONCLUDES HIS ANSWER TO GOMPS

Washington, May 20.—Cross-examination of Secretary Daniels will begin tomorrow before the senate committee investigating the conduct of the war by the navy department. Mr. Daniels concluded today his prepared statement, in reply to his prepared statement, in reply to his prepared statement, in reply to his prepared statement.

Mr. Daniels replied particularly today to the charge made by Captain Palmer, former chief of navigation, that he delayed efforts to increase the navy's personnel before the war and discouraged the naval reserve. He denied flatly having discouraged the reserve but explained that he did order enrollments in class 4 slowed when conditions became such as to approach a "public scandal."

Commissioners were being given to youths of finance, by navy officials, without regard to their qualifications, he said.

THE WEATHER

East Texas: Friday and Saturday, generally fair.
Oklahoma: Friday and Saturday, partly cloudy.

THE PARIS NEWS

Published by North Texas Publishing Company.

Every Morning Except Monday

Office, North Main Street, Opposite Court House

Entered at the Postoffice at Paris, Texas, as second-class matter

Notice to the public: Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of The News will be gladly corrected upon its being brought to the attention of the publishers.

Authorized Collectors.

Authorized collectors for The Paris Morning News are Reagan Hurt, bookkeeper; J. W. Cannon, advertising solicitor; Harry R. Cox, advertising solicitor; Frank R. Humphrey, city circulator. Payments should be made to no one else.

If You Don't Get Your Paper.

Please make a complaint about it. The Morning News is making strenuous and continuous efforts to have the paper delivered every day and on time. If there is no complaint we do not know that there is ground for it. Telephone 104.

Political Advertising.

All political advertising matter will, under the statute, be marked to designate that it is being paid for.

Puffs and boosts for candidates, whether written by themselves or their friends, will be charged for at the rate of 10 cents a line, counting six words to the line.

All political advertising of whatever character will be collected for at a time presented for publication. No bills will be made. This rule being made applicable to all can give no offense to any.

The same rule will apply to State, district and county aspirants for office.

THE BIG CITIES.

Dallas naturally feels a bit badly over the census figures, having anticipated a much larger total. But with due consideration of the percentage Dallas can well be proud of the showing.

And Houston isn't going to be a bit satisfied when she reads the figures, either as to total or as to percentage.

Fort Worth will be the proud city. She has, in advance, said that the figures will be acceptable no matter what they are, and the assertion was made with that confident smile which presages pleasure.

Fort Worth has closely calculated the matter; and while in numbers she is not going to lead the State, she will in percentage be above the class A cities.

Houston had her oil boom between 1900 and 1910; Fort Worth is still enjoying hers. Which is one reason.

Then Fort Worth made a plunge in building and for the year 1919 she expended nearly \$19,000,000 while Houston became conservative or something and put out only \$3,500,000—and thereon hangs a large part of the story, which differs in the telling as to whether a Fort Worth man or a Houston man is doing the relating.

Dallas has also made a plunge in building and has expended nearly as much as Fort Worth; and neither town is through with ample funds to carry on the work.

Little Stories for Bedtime

Digger the Badger Decides to Stay.

By THORNTON W. BURGESS.

Digger the Badger crawled out from under a little brush on the edge of the Green Meadows. It was very early in the morning, so early that no one was as yet out of bed. Mother West Wind, Digger watched her coming down from the Purple Hills with her big bag over her shoulder and wondered what she could be carrying in it.

Digger had reached the Green Meadows only the night before. He had come all the way from the Great West and that is the reason he had slept under the little brush. You see, he was a stranger there and had no home at all. He had met Johnny Chuck and Danny Meadow Mouse and Jimmy Skunk, who had been very polite, very polite indeed to him. It had pleased him so that when he had curled up under the little brush for a good night's sleep he had almost made up his mind to stay on the Green Meadows and make his home there.

"Now as he carefully brushed his coat and smoothed all the wrinkles out of his waistcoat, he watched Old Mother West Wind and the longer he watched the more he wondered what she could possibly have in that big bag. When she reached the middle of the Green Meadows she stopped. Then she opened her big bag, turned it upside down and shook it. Out tumbled all her children the Merry Little Breezes, and began the funniest little dances among the buttercups and daisies, and as they danced they began to sing. Digger the Badger stopped brushing his clothes and listened and as he listened he heard:

"We're the Merry Little Breezes, And we love to romp and play. We're the Merry Little Breezes, And we're happy all the day. Oh, we love the pretty flowers, And the little birds that sing. And we love the Sun and Showers Of the summer and the spring. So we play and romp and frolic, From dawn till day is through. But most of all we're happy When there's some good deed to do. 'That settles it,' said Digger the Badger right out loud. 'That settles it. I'm going to make my home right here on the Green Meadows.' 'Is that so?' Who invited you to, I want to know?" Digger whirled around. There sat Reddy Fox. Reddy had swelled him-

A LOFTY NOTE OF AMERICANISM

(Editorial in The Houston Post).

Ten thousand people, standing before the capitol building in Washington Sunday, applauded Dr. George W. Truett of Dallas when he made a plea for the League of Nations.

As the majority of those present were delegates to the Southern Baptist convention, it is safe to assume that it was a crowd in which Americanism heavily predominated, for Baptists are known for their intense devotion to American ideals.

It was a good thing for such an American organization as the Baptist convention of the Southern States to assemble in Washington and while there to express its sentiments on some of the questions before the people today.

For one thing, it was good to give the politicians of the senate a chance to get a closeup view of real Americans and to hear from them direct. There are some members of that body who have been so busy listening to the noise made by various groups of hyphenates, and seeking to make themselves solid with this and that selfish group, they appear to have forgotten that there is an American element left in this country.

Such an episode as this before the capitol was a reminder that Johnson and his hyphenates and radical groups of supporters, each out to commit this government to some selfish purpose of their own, are not the whole show, even if they do make the most noise.

It was notice that there are still millions of Americans quietly going about their tasks, who have not repudiated their ideals which led them into the war for the salvation of civilization and who are not going to knife the president of the United States because he declines to use this government to interfere with the affairs of friendly nations, or declines to do the bidding of the friends of the kaiser and Lenin and Trotsky in this country.

With so many discordant voices threatening the gentlemen in Washington, and with some of their number out trying to round up the soreheads for their own advantage, it ought to help some for a convention like that of the Baptists to sound a clear note of Americanism where it is sure to be heard by those in power, and it should let these same gentlemen know that the moral forces of this country are not so much asleep as they may have appeared to be during the last year.

PURE MILK.

Possibly some of the readers of The Morning News are becoming somewhat weary of the subject of pure milk. It is well to say, just here, that The Morning News is enlisted for the campaign and that heading is going to be kept standing for several weeks if necessary, and used frequently.

It is a matter which affects every citizen of Paris without reference to age, beauty or wealth. The rich man's

lady and the poor man's child have the same direct and personal interest in the matter. The banker can be made just as sick by impure milk as can the man who has nothing.

If the provider be stricken, then the babies suffer, in a way, just as much as they do when they are themselves stricken.

"Why, we buy our milk from a neighbor," says one housewife; and therein lies just as much, or even greater danger for those who drink that milk if it is not pure.

Naturally the matter of pure milk is one of municipal action and before it can be attained there must be ordinances which can be made effective. Other cities of the first class have them and Paris is a city of the first class, hence it should have a working ordinance that will protect the city's milk supply.

ROTARY CLUB NOTICE.

Members who will not be present at luncheon today should telephone me at my home, telephone 869, not later than 9:30 this morning so I can notify the hotel in ample time. If you know at that hour you will have a guest, please also notify me of that fact.

A. W. Neville, Sec.

Try Sally Ann Bread, it's baked right and properly made of the better ingredients. Once used you'll have no other.

Lamar Avenue Bakery, 37 Lamar Avenue.

Official Notice.

Notice is hereby given that the City Council of the city of Paris, at a special session held on the 3rd day of May, 1920, passed under suspension of the rules a resolution ordering the city engineer to prepare plans and specifications for re-surfacing that portion of North 18th street between the north boundary line of Bonham street and the south boundary line of Houston, said street to be resurfaced with Rock Asphalt, Bitulithic or other "luminous" pavement. Pursuant to the above resolution the city engineer presented an estimate at a special session of the city council held on the 11th day of May, 1920, with plans and specifications showing the cost of re-surfacing said street, also a list of property owners in said district abutting thereon, which was duly accepted and approved by the council. The cost per square yard being \$2.32, and the total estimated cost of said re-surfacing being \$11,170.22. The names of property owners whose property abutted thereon are as follows: Mrs. C. B. Ashendon, Pete Humphries. City's part residue \$330.98. Property owner's part, \$780.14.

All of the owners of property abutting on said portion of said street are hereby notified to appear before the city council at 7:30 o'clock, p. m., on the 31st day of May, 1920, to present objections to said proposed improvements and introduce testimony to show that the estimated cost of the proposed improvement in front of their property exceeds the benefit to the property and such other objections as they may have to making of said proposed improvements, and any and all claims for exemption that said parties may claim by reason of the property being homestead or otherwise. The plans and specifications are on file at the office of the city engineer, showing the estimated cost to each property owner abutting on said street, also the total cost, J. M. Crok, Mayor, City of Paris. Attest: W. G. George, City Secretary.

Beauty More Than Skin Deep.

There is an old saying that beauty is only skin deep. That may be so with those who get their beauty out of a box but not the genuine sort. Beauty is really only another word for good health and no woman who is bilious and constipated can reasonably hope to be beautiful. Chamberlain's Tablets will correct these disorders, then with proper diet and exercise there is no reason why any young woman with regular features may not hope to be beautiful.

Brought From Texarkana.

The remains of Mrs. T. C. Hargrave arrived in Paris on the delayed Texas & Pacific train Tuesday night from Texarkana, where she died Monday. She was twenty-eight years old and formerly lived here.

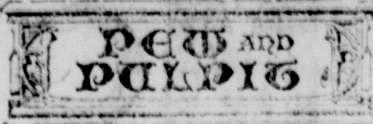

Her mother, Mrs. Tittsworth, and a brother died in Paris a few months ago during the influenza epidemic on the same date and were buried in the same grave. Her death in Texarkana made the fourth in the family within the past six or eight months.

The remains were accompanied by her husband and father. The funeral service was held yesterday at Evergreen cemetery, conducted by Rev. G. H. Brown, pastor of the Paris circuit.

The Lamar Avenue Bakery invites a share of your patronage. Try Sally Ann Bread, it's better. A variety of choice cakes and pies baked fresh every day. Come to see us.

Lamar Avenue Bakery, 37 Lamar Avenue.

A torpid liver is a heavy handicap to a working man. It robs him of strength, energy and mental alertness. To remove the burden the proper remedy is Prickly Ash Bitters. It is a fine liver, stomach and bowel medicine. Price \$1.25 per bottle. R. J. Murphy, special agent.

Special Memorial Day Service.

Dr. Ben M. Edwards will hold a special service at the First Christian church on the evening of May 30th as the national memorial day has been chosen by the American Legion to commemorate its own dead, which number thousands. The Legion has been asked to contribute to a fund in order that those whose graves lie beyond the sea may be honored at the same time as they are at home. On this day, the grave of every American soldier, who fell in the world war will be fittingly decorated with flowers placed there by American hands, or by French and British women.

The Legion camp here, Winfield P. Brown post (No. 30) of Paris, Texas, will observe in honor of one of two brothers who fell during the first days of the St. Michel fight, and its membership will have several hundred names. There are now more than nine thousand posts in the United States, with about three and a half million members. Some of these are still in foreign service, but are eligible for admission to the Legion through service in the world war.

Ladies Bible Club.

Mrs. W. H. Fielding will entertain the Ladies Bible Club at her home this afternoon. The program follows:

Roll call—Quotations from Genesis, "Tears and Rebekah"—Mrs. Robert Mallory.

Questions—Mrs. M. O. Bozeman.

1. Abraham.

2. Jacob.

3. Joseph.

Girls' Auxiliary.

The Girls' Auxiliary of the First Baptist church gave an interesting program last Monday afternoon. It was a Japanese lesson, and the costumes, refreshments and program were all appropriate to the subject.

Attending Conference.

Rev. Mr. Phillips, of the Methodist Protestant church is attending the general conference in North Carolina. His pulpit will be filled Sunday, (both morning and evening) by Rev. F. M.

'26 YARDS—26 YEARS'

BIG CONVENTION NEXT WEEK IN DALLAS WILL ATTRACT GREAT CROWD

Special to Paris News.

Dallas, Tex., May 19.—The Democratic State Convention will be held in Dallas on Tuesday, May 25, and Wednesday, May 26 at the Fair Park Coliseum. Arrangements are being made by the various committees of the convention to handle the largest convention crowd in its history.

Because of the congested condition in Dallas the committee on housing is urging all persons who anticipate attending the convention to secure their accommodations in advance. Hotels for the most part are refusing further reservations for entire rooms but will provide to their capacity for guests on cots and by using sample rooms, etc.

Requests for reservations can be made to the Housing committee, Democratic State Convention, care of State Executive Committee, Southland Hotel, Dallas. The committee is also urging all persons who may not have urgent business in Dallas during the days of the convention to arrange their trips at some other time as there will not be available accommodations for them.

Information booths will be established at the Union Terminal Station and at the Interurban Station and in the lobbies of the various hotels for information of those attending the convention. During the convention lunches will be served at the Coliseum thereby making it unnecessary for those attending the convention to go down town at noon.

The convention will meet at 1 o'clock on Tuesday and remain in session until its work is completed, which it is believed will be Wednesday afternoon evening. Owing to the large number to be in attendance no special arrangements are being made for entertainment.

Special committees have been appointed to arrange for accommodations for the ladies. Delegations will be seated on the floor and none but delegates will be allowed floor seats. Visitors will be seated after delegates are seated and then the doors will be thrown open to the public.

GOOD FORD CAR FOR SALE.

One good Ford 5-passenger car in perfect mechanical condition, attractively priced for quick sale. Sluder Bros. Garage, 98 Lamar Avenue.

Another big broom sale Monday morning from 9 to 10 o'clock. Just for one hour at 25 cents. D. H. Baker Furniture Co., 29 Grand Avenue.

OLD MAGAZINES WANTED FOR CIVIC LEAGUE WORK

The Civic League is leading a car of magazines. Every cent realized from this car will be used to make Paris—our home—more beautiful. In order that there will be no delay in gathering the magazines two ladies in each ward will have charge of the collecting. Please phone one of these ladies today and she will arrange to call for your magazines. If it is possible it will be a great help if you will deliver your magazines yourself at the Paris and Mt. Pleasant station. The car is ready now to receive them. If you cannot deliver them telephone:

First Ward: Mrs. B. H. Denton, telephone No. 567; Mrs. J. F. McReynolds, telephone No. 933.

Second Ward: Mrs. Neville Brooks, telephone No. 127; Mrs. D. H. Scott, telephone No. 2691.

Third Ward: Mrs. T. M. Scott, telephone No. 329; Mrs. B. H. Rodgers, telephone 947.

Fourth Ward: Mrs. B. W. Lewis, telephone No. 1434; Mrs. B. P. Thielens, telephone No. 1255.

Magazines must be tied.

Official Notice.

Notice is hereby given that the City Council of the City of Paris, at a special session held on the 2nd day of May, 1920, passed under suspension of the rules a resolution ordering the City Engineer to prepare plans and specifications for re-surfacing that portion of Clarksville street between the west boundary line of Twenty-Fifth street and east boundary line of Thirtieth street, said street to be re-surfaced with Rock Asphalt, Bitulithic or other Bituminous pavement. Pursuant to the above resolution the City Engineer presented an estimate at a special session of the City Council held on the 17th of May, 1920, with plans and specifications showing the cost of re-surfacing said street; also a list of property owners in said district abutting thereon, which was duly accepted and approved by the Council. The cost per square yard being \$2.32 and the total estimated cost of said re-surfacing being \$29,972.12 dollars. The names of the property owners whose property abut thereon are as follows: J. C. Hathaway, T. E. McGee, Dr. W. W. Fitzpatrick, Unknown, Mrs. W. B. Paty, Frank Bailey, W. A. Ledger, Mrs. Sam Holt, J. W. Rodgers, R. Johnson, Dr. J. M. Hooks, Dr. L. P. McCusick, E. L. Delaney, W. C. Hayden, C. A. Fall, E. H. McGlasson, Dr.

T. F. Roberts, Dr. J. B. Poalnd, Unknown, Miss M. Gibson, John Shell, G. R. Coleman, St. Joseph's Infirmary, Roman Catholic Church, J. F. McKee, nolds, Dr. J. B. Chapman, Dr. B. F. Thielens, Mrs. M. P. Allen, G. Dunagan, Scott Galbreath, Mrs. McCusick, H. C. Lark, Mary Rogers, et al., J. W. Blard, J. R. Shelton Claude Morgan, Mrs. Jack Rucker, Walter Thompson, J. P. McMurray, W. H. Jennings, S. B. Johnson.

The interest on \$295.61; City's part of said, \$2,917.49; Street Railway's part, \$4,563.50; Property Owner's part, \$12,295.82.

All of the owners of property abutting on said portion of said street are hereby notified to appear before the City Council at 7:30 o'clock p. m., on the 31st day of May, 1920, to present objections to said proposed improvement. It is introduced testimony to show that the estimated cost of the proposed improvement in front of their property exceeds the benefit to the property and such other objections as they may have to making of said proposed improvement, and any and all claims for exemption that said parties may claim by reason of the property being homesteaded or otherwise. The plans and specifications are on file at the office of the City Engineer, showing the estimated cost to each property owner abutting on said street, also the total cost. J. M. Crook, Mayor, City of Paris. Attest W. G. George, City Secretary.

Official Notice.

Notice is hereby given that the City Council of the City of Paris, at a special session held on the 3rd day of May, 1920, passed under suspension of the rules a resolution ordering the City Engineer to prepare plans and specifications for re-surfacing that portion of Lamar Avenue between the east boundary line of Thirtieth street and east boundary line of city limits, said street to be re-surfaced with Rock Asphalt, Bitulithic or other Bituminous pavement. Pursuant to the above resolution the City Engineer presented an estimate at a special session of the City Council held on the 17th day of May, 1920, with plans and specifications showing the cost of re-surfacing said street; also a list of property owners in said district abutting thereon, which was duly accepted and approved by the Council. The cost per square yard being \$2.32 and the total estimated cost of said re-surfacing being \$21,159.20. The names of the property owners whose property abut thereon are as follows: W. A. Bills, Harry Baker, M. E. Griffith, Dr. J. J. Hammond, Mrs. Rush Record, Dr. J. L. VanDyke, H. C. McMurray, W. A. Hutchison, W. A. Simmonds, Smith Lee, R. E. Temple, W. H. Guthrie, Miss Clara Lee, G. Wedding on Wednesday Evening

Miss Gladys Coome and Mr. David R. Owen were united in marriage last Wednesday evening in the study of the First Christian church, by Dr. Ben M. Edwards, about twenty-five or thirty friends accompanying them. As the affair was quiet, there were no attendants.

After the ceremony the party went to the home of the groom's father on West Austin street, where a surprise was given them in the form of a reception and refreshments prepared by a sister of the groom.

Mr. Owen, who is associated in business with his father, is a contractor and builder, while the bride for some time past, has been a stenographer at the Bettes Hardware company. Both Mr. and Mrs. Owen have a wide circle of friends and acquaintances, and are known as attractive, industrious young people.

D. A. R.

The Joseph L. Chapter, D. A. R., met yesterday afternoon with Mrs. J. T. Rountree for the final session of the season. As usual this marked the election of officers for the year 1920-21.

Regent—Mrs. Marie Baldwin Webb, Vice-Regent—Mrs. S. L. Bedford, Rec. Sec.—Miss Regina Leach, Cor. Sec.—Mrs. E. T. Kirkpatrick, Registrar—Mrs. Jeff Terrell, Historian—Mrs. Granberry, Treasurer—Mrs. W. P. Duncan, Press Reporter—Miss Constance McCusick.

The summer committee which will care for the courthouses grounds is composed of Mrs. Morrison Griffith, chairman, Miss McCusick, Miss Leach and Mrs. Ludley Blard. Afterwards, a cream course was served.

Is "Some" Fisherman.

Dr. L. C. Kirked returned yesterday from Alpine, Texas, where he preached the commencement sermon. While in that vicinity he visited the Rev. R. L. Irving of Fort Davis, his classmate in the seminary at New York City. Dr. Kirked reports having had an enjoyable time fishing and claims to have strung twenty five of the finny tribe in two hours.

1915 Class Reunion.

The two-day reunion planned for the Paris high school class of 1915 has been cancelled but the class will have a meeting Tuesday evening, May 25, in the high school auditorium at 8 o'clock. The original program will there be carried out as far as possible. Every member of the class is urged to attend.

Graduation Address.

Dr. L. C. Kirked, pastor of the Central Presbyterian church, has been in-

TUBERCULOSIS COSTS TEXAS TOO MANY LIVES

Special to The Morning News.
Austin, Tex., May 20.—The Texas Public Health Association estimates that 9,741,255 years of life are lost to the people of Texas through ravages of tuberculosis.

The estimates, according to recent announcement, were based on figures compiled by Miss Jessamine S. Whitne, research secretary, and Dr. Louis I. Dublin, statistician, of a nationally known life insurance company, who declared, the announcement said, that from two and one-half to five years of life for each individual in the United States could be saved if tuberculosis were eradicated. In terms of money, at \$100 per year per person, which the announcement said was a moderate estimate, eradication of the disease would mean a saving of nearly \$1,000,000,000 to the state of Texas.

"If all the people of the United States would use the few things necessary to healthful living, such as fresh air, exercise, wholesome food, sunlight and pure water, tuberculosis might be driven out of the country," Dr. E. Breed, executive secretary of the Texas Public Health Association, declared in the announcement.

"An average of two and one-half years added to the life of every person is certainly well worth working for."

"The research workers found that the number of years lost to each individual in the United States on account of tuberculosis varied from 2.6 for white women to 5 years for colored women, while the average loss for white men was 3.48 years, and for negro males, 4.95 years."

PERSONAL

Dave Pryor of Oklahoma City is visiting Mrs. Sallie Ewing on North 17th street.

G. T. Tolson of Sulphur Springs was in Paris yesterday.

B. L. Denison was in the city yesterday from Garvin, Ok.

R. L. McDowda of Pattonville, a member of the legislature from Lamar county, left yesterday afternoon for Austin to attend the special session.

SHAKE INTO YOUR SHOES

Allen Foot-Ease, the antiseptic powder to be shaken into the shoes and sprinkled in the foot-bath. The Plattsburg Camp Manual advises men in training to use Foot-Ease in their shoes each morning. It prevents blisters and sore spots and relieves painful, swollen, smarting feet and takes the sting out of corns and bunions. Always use Allen's Foot-Ease to break in new shoes.

FOR SKIN TORTURES

Zemo, the Clean, Antiseptic Liquid, Just What You Need. Is Not Greasy

Don't worry about eczema or other skin troubles. You can have a clear, healthy skin by using Zemo. Obtained at any drug store for 35c, or extra large bottle for \$1.00.

Zemo generally removes pimples, blackheads, blotches, eczema and ringworm and makes the skin clear and healthy. Zemo is a clean, penetrating, antiseptic liquid, neither sticky nor greasy and stains nothing. It is easily applied and costs a mere trifle for each application. It is always dependable.

The E. W. Rose Co., Cleveland, O.

Use It—Then Decide

The AutoStrip Razor

(Is Complete in itself)
It is more than a razor—more than a safety device.
Can be stripped, used and cleaned without taking apart without even removing the blade.
And like a perfectly stripped ordinary razor, the blade improves with use.
And it doesn't cost you a cent to prove all this to your own satisfaction.

For Sale in Paris by Palace Drug Store

We Will Lend You

an AutoStrip Razor for a full thirty day trial. If you then decide to keep it, pay us \$5.00 for it—if not, return it without further obligation.

You Pay Nothing to Try This Razor

Any responsible party can make arrangement over our cutlery counter for this Free Trial. If you have a charge account, write to us and we will send it to you by mail.

You are given the opportunity of trying this wonderful Razor, without any kind of risk. For a month your shaving will cost you nothing—then you may return the razor if you can get along without

"Get's-It" or Corns, Which?

Few Drops at Night
 Spells "Good Night"
 For Any Corn

It's farewell to any corn
 that 'Gets-It' lands on. If
 you have a 'pet' corn that
 you want to keep, don't
 let 'Gets-It' come near it
 or you'll surely lose that
 pet. A few drops takes all
 the 'pep' out of any corn,
 makes it let go so it lifts
 right off without your
 feeling it.

You've carried that mis-
 ery making corn long
 enough haven't you? It is
 time to hand it its pass-
 ports. 'Gets-It' will con-
 vince any corn that it's
 time to leave. Stops pain
 at once and quickly loos-
 ens the corn so that you
 lift it off whole. It's easy,
 safe, painless, quick and
 absolutely certain. 'Gets-
 It' never fails to get it.

"Gets-It" the only
 sure, guaranteed, mon-
 ey-back corn remover,
 costs but a trifle at any
 drug store. Mtd. by E.
 Lawrence and Co., Chi-
 cago.

THE FAMILY WARDROBE AND HOW TO CARE FOR IT TREATED IN BULLETIN

Special to Paris News.

Denton, Tex., May, 20.—"How to Buy, Care For, and Use the Family Wardrobe," is the title of a bulletin which is now ready for distribution at the College of Industrial Arts. This bulletin has been prepared to assist women with limited incomes to provide for the needs of the family in a satisfactory manner. While the bulletin presents the hygienic, artistic, and economic phases of the clothing problem, the emphasis is placed on the economic phase; conservation of resources as concerned in the purchase of clothing the care required to lengthen its term of service, and the right use which is seldom given serious attention are stressed.

Certain phases of the housewife's problem are presented in detail, although briefly, and definite suggestions are offered in the hope that these concrete examples will be helpful to those who have no opportunity to work out their own solutions. The fundamental facts and principles of economics have been used as a basis for expenditures, and an attempt has been made to analyze the problem of consumption in the form of clothing, to discuss the factors of expenditure, and offer solutions which will be suggestive.

From an economic standpoint consumption is just as important as production; indeed, it determines production and hence might be considered of primary importance. But for years men have devoted their attention to production almost to the exclusion of the subject of consumption; time and effort and money have been spent to prepare large numbers of people, that we might have efficiency in processes of production. Efficiency in consumption, as a factor in their economic life, was entirely neglected. The task of the modern woman is seen to be one which requires training, for women determine how nine-tenths of the money in the world is spent. Women themselves are demanding the opportunity to secure such knowledge as will enable them to solve their own problems.

This demand from women all over the country warrants the assumption that the bulletin will be received as a timely contribution to this fund of knowledge which is needed. Requests for this bulletin should be addressed to the Secretary, Department of Extension, College of Industrial Arts.

\$35.00 will buy you a splendid \$45.00 chiffrone at the D. H. Baker Furniture Co., 29 Grand Avenue.

The Ozarks
America's Playgrounds
"The land of a million smiles"

VACATION time has come again—the time when men and women, tired and worn from the year's work at the office and at home, must play and rebuild physically for the coming year. But vacation playgrounds should be chosen wisely. Your recreation period should be a happy investment in health—not just an expense for fagging gayety.

The Ozarks, "The Land of a Million Smiles," is the Chosen Land each year for thousands of exacting Hunters of Happiness. The lazy, rolling Ozark Mountains, the tumbling cool streams offering fishing and swimming; the delicious home-grown foods and the wonderful nights for sleep, make the Ozarks the ideal playgrounds of America.

Write today for the beautiful descriptive booklet, "THE OZARKS," telling of the Ozark region and its many pretty resorts. It's free. Address the

A Friend in Need

"But there's no bread in the house for breakfast and the stores are all closed for the night!" protested Ann Brinkly in dismay.

Her husband had telephoned late that an important business acquaintance was coming for the night.

"Then have muffins," suggested Tom, cheerfully resourceful.

"Tom Brinkly, you know I never have luck with muffins," groaned Ann. She hung up the receiver and turned to young Mrs. Eaton. "I don't know why I can't make good muffins, Barbara. I like them just as much as Tom does, but somehow mine are never successful. And how I hate to get up earlier to make them!"

"Why not mix them tonight and bake them tomorrow morning?" said Barbara calmly. Ann looked at her in amazement. "Have you any Ryzon Baking Powder?" inquired Barbara, getting up briskly. "Because if you have Ryzon you can get the muffins all ready now. The batter will be perfectly good tomorrow if you stand it in a cool place."

As Ann still looked incredulous, Barbara continued: "Oh yes, really, I often do it myself. And you needn't worry about the muffins turning out right. Since I've used Ryzon I haven't had a single baking failure. And if you follow directions you can bake just exactly as well."

The new Ryzon Baking Book (original price \$1.00), containing 250 practical recipes, will be mailed, postpaid, upon receipt of 30 cents in stamps or coin. Or if you will purchase two or more pounds of Ryzon at once from your grocer, sending us his name and address promptly, we will mail you a Ryzon Baking Book free. General Chemical Co. TEXARKANA TO BRING FAST CLUB TO PARIS

According to traveling men who have seen the Texarkana base ball club in action it is a fast aggregation and one that will likely give the Snappers a royal battle. According to one party who is traveling out of Paris and who saw this gang in action last week it is way above the average amateur team. Black, the old T. and O. pitcher, is said to have as much stuff as he had in his palmiest days, and is burning them over the old time zip. If this be so, Texarkana will not lack for pitching, as Black in his T. and O. days was one of the best hurlers that this organization boasted. He was sold to a South-

ern league club but declined to report, and retired from the professional ranks.

Snapp has a line-up that he thinks is capable of humbling the visitors and will have as his pitching ace Jones the Dallas left-hander. Jones will bring with him as a battery partner, Basden, who is corking good at receiving. Basden, as well as Jones, belongs to one of the numerous city leagues in Dallas.

The hard-hitting Nick Shaw will cover first for the Snappers. Nick is a wicked hitter and is liable to bust up a ball game at any old time. Cameron will be at second; Williams at short and Snapp at that old hot corner. This is a classy inner works

Perkins Bro's COMPANY.

Plenty of Money

to loan on improved farms and city property. We have over One Million Dollars at our disposal which we are anxious to loan. Our terms and interest rates are most reasonable. Always secure one of our abstracts of title when you buy or sell real estate. Our abstracts are always dependable. You cannot afford to pay out money for a home or other real estate until you know the condition of the title. The only way to know the condition of the title is to secure an abstract of title and have it examined by your attorney. Think of the Federal Loan & Investment Co. when you need a loan or abstract. We Buy and Sell Real Estate, manage rental property and do all kinds of Notary work, except bad.

Federal Loan & Investment Co., Inc.

Investment Bankers.

Poultry and Eggs

We have a market for your poultry and eggs every day in the year and can always pay the highest market price, Don't forget to ring us when you have any produce to offer,

WHITE PRODUCE CO.
